II) Login method for e-Voting for shareholders other than Individual's shareholders holding securities in demat mode and shareholders holding securities in physical mode.

(A) Members whose email IDs are registered with the Company/ Depository Participants (s), will receive an email from KFintech which will include details of E-Voting Event Number (EVEN), USER ID and password. They will have to follow the following process:

- i. Launch internet browser by typing the URL: <https://emeetings.kfintech.com/>
- ii. Enter the login credentials (i.e. User ID and password). In case of physical folio, User ID will be EVEN (E-Voting Event Number) 6675, followed by folio number. In case of Demat account, User ID will be your DP ID and Client ID. However, if you are already registered with KFintech for e-voting, you can use your existing User ID and password for casting the vote.
- iii. After entering these details appropriately, click on "LOGIN".
- iv. You will now reach password change Menu wherein you are required to mandatorily change your password. The new password shall comprise of minimum 8 characters with at least one upper case (A- Z), one lower case (a-z), one numeric value (0-9) and a special character (@, #, \$, etc.,). The system will prompt you to change your password and update your contact details like mobile number, email ID etc. on first login. You may also enter a secret question and answer of your choice to retrieve your password in case you forget it. It is strongly recommended that you do not share your password with any other person and that you take utmost care to keep your password confidential.
- v. You need to login again with the new credentials.
- vi. On successful login, the system will prompt you to select the "EVEN" i.e. Parry Agro Industries Limited -AGM" and click on "Submit"
- vii. On the voting page, enter the number of shares (which represents the number of votes) as on the Cut-off Date under "FOR/AGAINST" or alternatively, you may partially enter any number in "FOR" and partially "AGAINST" but the total number in "FOR/AGAINST" taken together shall not exceed your total shareholding as mentioned herein above. You may also choose the option ABSTAIN. If the Member does not indicate either "FOR" or "AGAINST" it will be treated as "ABSTAIN" and the shares held will not be counted under either head.
- viii. Members holding multiple folios/demat accounts shall choose the voting process separately for each folio/ demat accounts.
- ix. Voting has to be done for each item of the notice separately. In case you do not desire to cast your vote on any specific item, it will be treated as abstained.
- x. You may then cast your vote by selecting an appropriate option and click on "Submit".

- xi. A confirmation box will be displayed. Click “OK” to confirm else “CANCEL” to modify. Once you have voted on the resolution (s), you will not be allowed to modify your vote. During the voting period, Members can login any number of times till they have voted on the Resolution(s).
- xii. Shareholders who have not yet registered their email address are requested to get their e-mail addresses registered by following the procedure given below:
 - i. REMUNERATION POLICY OF DIRECTORS AND EMPLOYEES

1. Preamble

This Remuneration Policy provides the frame work for remuneration of members of the Board of Directors and other employees of the Company.

This Policy is guided by the principles and objectives as enumerated in Section 178 of the Companies Act, 2013 to ensure reasonableness and sufficiency of remuneration to attract, retain and motivate competent resources, a clear relationship of remuneration to performance and a balance between rewarding short and long-term performance of the Company.

This policy reflects the remuneration philosophy and principles of Parry Agro Industries Limited and considers the pay and employment conditions with peers / competitive market to ensure that pay structures are appropriately aligned.

2. Remuneration of Non-Executive Directors

Non-Executive Directors ("NEDs") are paid remuneration by way of Sitting Fees and Commission.

As per Section 197(1) of the Companies Act, 2013, in a company where there is no Managing Director or Whole Time Director, commission to Non Whole-time Directors can be paid upto 3% (to all of them put together) of the net profits of the Company computed in accordance with Section 198 of the Companies Act, 2013 and the same is subject to the approval of the Shareholders.

(The Company had earlier obtained the approval of the shareholders at the Tenth Annual General Meeting held on 22nd July, 2020 for payment of commission to non-whole time directors a sum not exceeding 1% of the net profits of the Company for a period of five years effective from 1st April 2020 to 31st March, 2025.

Based on the approval of the shareholders, Commission is being paid at a rate not exceeding 1% per annum of the net profits of the Company. The Commission paid is restricted to a fixed sum within the above limit annually on the basis of their tenure in office during the financial year).

The payment of the Commission to the NEDs is placed before the Board every year for its consideration and approval.

The sitting fee payable to the NEDs for attending the Board and Committee meetings is fixed subject to the statutory ceiling. The fee is reviewed periodically and aligned to comparable best in class companies.

3. Remuneration to Other Employees

The Company's total compensation for other employees consists of

- fixed compensation
- variable compensation in the form of annual incentive
- benefits
- work related facilities and perquisites

Fixed compensation is determined on the basis of size and scope of the job typically as reflected by the level or grade of the job, trends in the market value of the job and the skills, experience and performance of the employee. Fixed compensation includes Basic Salary, Housing Allowance, Leave Travel Allowance and a Cash Allowance.

The Annual Incentive (variable pay) of executives is linked directly to the performance of the Business Unit and the Company in accordance with the Employees Incentive Scheme of the Company.

Based on the grade and seniority of employees, Benefits for employees include:

- Health-Related:
- Health (hospitalization) insurance

- Accident and Life insurance
- Retirement-Related:
- Contribution to a Super annuation Fund (in addition to statutory benefits such as Provident Fund account, Gratuity etc)
- Employees are also eligible for work related facilities and perquisites as may be determined through HR policies issued from time to time based on the Grade of the employee.

A formal annual performance management process is applicable to all employees, including senior executives. Annual increases in fixed and variable compensation of individual executives are directly linked to the performance ratings of individual employee.

Overall compensation shall be subject to periodic reviews which takes into account data from compensation surveys conducted by specialist firms, as well as factors such as affordability based on the Company's performance and the economic environment.

Employees may be eligible for ESOPs as per the ESOP program (as and when such a scheme is drawn up approved by the Shareholders and in force from time to time. The objective of the ESOP scheme will be to reward employees for their contribution to the longer growth and profitability of the Company by providing a platform to share the value they create for the Company.

Employees may be eligible for severance payments in accordance with the termination clause in their employment agreement subject to applicable regulatory requirements.

4. Adoption, Changes and Disclosure of Information

This Remuneration Policy and any changes thereof are approved by the Board of Directors based on the recommendation(s) of the N&R Committee.

The policy may be reviewed at such intervals as the Board or N&R Committee may deem necessary.

Such disclosures of this Remuneration Policy as may be required under the Companies Act, 2013.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, and its loss, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon.
- Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and

completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the

circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other

matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books and the reports of the other auditors.
- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.
- d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended,

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the

Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements.
- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

iv. (a) The Management has represented that, to the best of its knowledge and belief, as disclosed in the notes to the accounts no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The Management has represented, that, to the best of its knowledge and belief, as disclosed in the notes to accounts, no funds (which are material either individually or in the aggregate) have been received by the Company from any person(s) or entity(ies), including foreign

- entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (c) Based on the audit procedures that has been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause
- (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. The final dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with section 123 of the Act, as applicable.
2. As required by the Companies (Auditor’s Report) Order, 2020 (“the Order”) issued by the Central Government in terms of Section 143(11) of the Act, we give in “Annexure B” a statement on the matters specified in paragraphs 3 and 4 of the Order.

Report on Internal Financial Controls Over Financial Reporting

Annexure “A” to the Independent Auditor’s Report

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Parry Agro Industries Limited (“the Company”) as of March 31, 2022 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting of the Company and its joint operations companies incorporated in India (retain as applicable) based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards

and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Annexure “B” to the Independent Auditor’s Report

(Referred to in paragraph 2 under ‘Report on Other Legal and Regulatory Requirements’
Section of our report of even date)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

- (i) (a) A. The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment, capital work in progress and relevant details of right of use assets.
B. The Company does not have any intangible assets and hence reporting under clause (i)(a)B of the Order is not applicable.
 - (b) The Property, Plant and Equipment, were physically verified during the year by the Management which, in our opinion, provides for physical verification at reasonable intervals. No material discrepancies were noticed on such verification.
 - (c) Based on our examination of the registered sale deed / transfer deed / conveyance deed provided to us, we report that, the title deeds of all the immovable properties, disclosed in the financial statements included in property, plant and equipment, are held in the name of the Company as at the balance sheet date, except in the case of certain land of the Company admeasuring 1,094.53 acres, where the title deed is under dispute. In respect of this land, the Company is of the view that it is eligible to get patta under the Janmam Abolition Act and that it will be able to defend any counter claims to such property.
 - (d) The Company has not revalued any of its property, plant and equipment during the year. The Company does not have any intangible assets.
 - (e) No proceedings have been initiated during the year or are pending against the Company as at 31 March 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- (ii) (a) The inventories were physically verified during the year by the Management at reasonable intervals. In our opinion and according to the information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories when compared with books of account.
 - (b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, at points of time during the year, from banks or financial institutions on the basis of security of current assets. In our opinion and according to the information and explanations given to us, the quarterly returns filed by the Company with such banks or financial institutions are in agreement with the unaudited books of account of the Company of the respective quarters.
- (iii) The Company has made investments in, provided guarantee or security and granted loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year, in respect of which:

- (a) The Company has provided loans or advances in the nature of loans during the year and details of which are given below.

(₹ in Lakhs)

Particulars	Loans	Advances in nature of loans
A. Aggregate amount granted / provided during the year:		
- Others		177.00
B. Balance outstanding as at balance sheet date in respect of above cases:		
- Others		48.23

The Company has not provided any guarantee or security to any other entity during the year.

- (b) The investments made and the terms and conditions of the grant of the above-mentioned loans and advances in the nature of loans, during the year are, in our opinion, prima facie, not prejudicial to the Company's interest.
- (c) In respect of above-mentioned loans and advances in the nature of loans provided by the Company, the schedule of repayment of principal has been stipulated and the repayments of principal amounts are regular as per stipulation.
- (d) According to information and explanations given to us and based on the audit procedures performed, in respect of above-mentioned loans and advances in the nature of loans provided by the Company, there is no overdue amount remaining outstanding as at the balance sheet date.
- (iv) The Company has not granted any loans, made investments or provided guarantees or securities that are covered under the provisions of sections 185 or 186 of the Companies Act, 2013, and hence reporting under clause (iv) of the Order is not applicable.
- (v) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause (v) of the Order is not applicable.
- (vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) According to the information and explanations given to us, in respect of statutory dues:
- (a) Undisputed statutory dues, including Goods and Service tax, Provident Fund, Income tax, Customs duty and other material statutory dues applicable to the Company have been regularly deposited by it with the appropriate authorities.
- There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Income tax, Customs duty and other material statutory dues in arrears as at 31st March, 2022 for a period of more than six months from the date they became payable.
- (b) There are no statutory dues referred in sub-clause (a) above which have not been deposited on account of disputes as on March 31, 2022.

- (viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.
- (ix) The Company has not taken any loans or other borrowings from any lender. Hence reporting under clause (ix)(a) of the Order is not applicable to the Company.
- (x)
 - (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause (x)(a) of the Order is not applicable.
 - (b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause (x)(b) of the Order is not applicable to the Company.
- (xi)
 - (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
 - (b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
 - (c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year.
- (xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.
- (xiii) In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.
- (xiv)
 - (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
 - (b) We have considered, the internal audit reports issued to the Company during the year and covering the period from April 1, 2021 to December 31, 2021 and the final internal audit report were issued after the balance sheet date covering the period January 1, 2022 to March 31, 2022 for the period under audit.
- (xv) In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its directors or persons connected its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- (xvi)
 - (a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi)(a), (b) and (c) of the Order is not applicable.
 - (b) The Group has more than one CIC as part of the group. There are two CIC forming part of the group.
- (xvii) The Company has incurred cash losses amounting to Rs. 237.81 Lakh in the financial year covered by our audit but had not incurred cash losses in the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors of the Company during the year.
- (xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets, payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities

existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- (xx) The Company has fully spent the required amount towards Corporate Social Responsibility (CSR) and there are no unspent CSR amount for the year requiring a transfer to a Fund specified in Schedule VII to the Companies Act or special account in compliance with the provision of sub-section (6) of section 135 of the said Act. Accordingly, reporting under clause (xx) of the Order is not applicable for the year.

Notes forming part of the Standalone Financial Statements

1. Company Overview

The main business of the company is cultivation and manufacture of Tea. The company owns 7 estates and 8 factories spread across Assam and Tamil Nadu. The Company currently sells about 12.56 million kilograms of Tea.

2. Statement of Compliance

These financial statements for the year ended March 31, 2022 have been prepared in accordance with Indian Accounting Standards (IND ASs) notified under the Companies (Indian Accounting Standards) Rules 2015 as amended by the Companies (Indian Accounting Standards) (Amendment) Rules 2016. The Company adopted INDAS from April 1, 2017.

3. Significant Accounting Policies

3.1 Basis of Preparation and Presentation

The financial statements have been prepared on the historical cost basis except for certain items which are measured at fair value at the end of each reporting period, as explained in the accounting policies given below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique.

In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2, or 3 based on the degrees to which the inputs to fair value measurement are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

3.2 Use of estimates and judgements

The preparation of financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of the accounting policies and the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the year. Actual results could differ from those estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period; they are recognised in the period of the revision and future periods if the revision affects both current and future periods. Judgements are made in applying accounting policies that have the most significant effects on the amounts recognised in the financial statements. Assumption and estimation uncertainties that have a significant risk of resulting in a material adjustment are reviewed on ongoing basis.

3.3 Operating cycle

All assets and liabilities have been classified as current or non-current as per the

Notes forming part of the Standalone Financial Statements

Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013 and Ind AS 1. The Company has ascertained its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities.

3.4 Property, Plant and Equipment

(i) Tangible Assets (Other than Bearer Plants): Property, Plant and Equipment are stated at cost less accumulated depreciation and accumulated impairment losses. Cost includes deemed cost, measured as per the previous GAAP, which includes Standards notified under the Companies (Accounting Standards) Rules, 2006. Cost is inclusive of incidental expenses related to acquisition and installation of assets and borrowing costs incurred up to the date of commencing operations. Expenses for the repair of property plant and equipment's are charged against income when incurred.

Items of property, plant and equipment's are depreciated in a manner that amortises the cost of the assets less its residual value over their useful life on a straight line basis. The same is covered in detail in note 3.19.

Subsidy received from Tea Board and other agencies towards specific asset is reduced from the cost of respective Property, Plant and Equipment and recognised as income over the life of the depreciable asset by way of a reduced depreciation charge. Subsequent expenditure on Property, Plant and Equipment after its purchase / completion is capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

An item of Property, Plant and Equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of asset.

Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

(ii) Bearer Plants:

The Company follows the below policies on accounting of bearer plants:

- The company has determined the cost of bearer plants of tea as on April 1, 2016 after deducting from the carrying value of land and land development as on that date, the estimated cost of land arrived based on the guideline value as on the date nearing to date of acquisition
- Depreciation on bearer plants is charged based on their estimated useful life as assessed and certified by external value assessors
- Immature crops, including the cost incurred for nursery plants (other than used for infilling) are carried at cost less any recognized impairment losses under capital work-in-progress. Cost includes the cost of uprooting and replanting and maintenance of newly planted bushes for a period of 4 to 5 years until maturity. On maturity (i.e. when the bearer plants are ready for their intended use), these costs are classified under the block Bearer Plants. Expenses incurred towards Pepper during the first year of planting will be capitalised and from subsequent years expenses will be charged off to Standalone Statement of Profit and loss.
- Uprooting and replanting subsidy received from Tea Board for replanting done before April 1, 2016 has been credited to the Standalone Statement of Profit and Loss under Other Income and subsidy received for replanting done after April 1, 2016 will be reduced from

Notes forming part of the Standalone Financial Statements

original capitalised value and will be recognized as income over the life of the depreciable asset by way of a reduced depreciation charge.

- Costs incurred for infilling including block infilling are generally recognized in the Standalone Statement of Profit and Loss unless there is a significant increase in the yield of the sections, in which case such costs are capitalized and depreciated over the remaining useful life of the respective fields.

3.5 Intangible Assets:

Intangible assets of the company comprise acquired computer software having a finite life. Cost of software is capitalised where it is expected to provide future enduring economic benefits. Capitalisation costs include licence fees and cost of implementation / system integration services. The costs are capitalised in the year in which the relevant software is implemented for use and is amortised over its useful life. Expenses incurred on upgradation / enhancements is charged off as revenue expenditure unless they bring similar significant additional benefits.

3.6 Capital work-in-progress:

Projects under which Property, Plant and Equipment are not yet ready for their intended use are carried at cost less any recognized impairment losses, comprising direct cost and other related incidental expenses.

3.7 Research and development expenses

Research and Development expenditure of revenue nature is written off in the Standalone Statement of profit and loss as incurred. Such expenditure is capitalised as intangible assets only if it meets the criteria of an intangible asset. Internally generated

3.8 Impairment of assets

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists.

If the carrying amount of the assets exceeds the estimated recoverable amount, impairment is recognised for such excess amount. The impairment loss is recognised as an expense in the Standalone Statement of Profit and Loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Standalone Statement of Profit and Loss, to the extent the amount was previously charged to the Standalone Statement of Profit and Loss. In case of revalued assets such reversal is not recognised.

3.9 Cash and cash equivalents (for purposes of Cash Flow Statement)

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition) and highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

3.10 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

Notes forming part of the Standalone Financial Statements

3.11 Biological Assets other than bearer plants

- (i) Biological assets of the Company comprise of unharvested green tea leaves that are classified as current biological assets. The Company recognizes biological assets when, and only when, the Company controls the assets as a result of past events, it is probable that future economic benefits associated with such assets will flow to the Company and the fair value or cost of the assets can be measured reliably. Expenditure incurred on biological assets is measured on initial recognition and at the end of each reporting period at its fair value less costs to sell. The gain or loss arising from a change in fair value less costs to sell of biological assets are included in Standalone Statement of Profit and Loss for the period in which it arises.
- (ii) The Company recognizes agricultural produce when, and only when, the Company controls the assets as a result of past events, it is probable that future economic benefits associated with such assets will flow to the Company and the fair value or cost of the assets can be measured reliably. Agricultural produce harvested from the Company's biological assets are valued at fair value less cost to sell at the point of harvest. A gain or loss arising on initial recognition of agricultural produce at fair value less costs to sell shall be included in Standalone Statement of profit and loss for the period in which it arises. The Company's agricultural produce comprises of green leaves plucked from its tea estates.

3.12 Inventories

Inventories are stated at the lower of cost and net realisable value. Finished goods produced from agricultural produce are valued at lower of cost arrived at by adding the cost of conversion to the fair value of agricultural produce and the net realisable value. Net realisable value represents the estimated selling price for inventories less all

selling costs. Provision is made for obsolete, slow moving and defective inventories, whenever necessary. Stores and spare parts are valued at cost ascertained on moving weighted average basis. Nursery stocks considered for infilling as per management assessment are valued at cost incurred in raising and maintaining such stock till transplantation. Other nursery stocks considered for replanting are included in capital work in progress.

3.13 Foreign Currency Transactions

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets and financial liabilities at fair value through profit and loss are recognised immediately in the Standalone statement of profit and loss.

3.14 Leases

The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

Notes forming part of the Standalone Financial Statements

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e., the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in

the country of domicile of these leases. Lease liabilities are re-measured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

3.15 Financial Instruments:

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the relevant instrument and are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issues of financial assets and financial liabilities (other than financial assets and financial liabilities measured at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial assets or financial liabilities. Purchase or sale of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way)

A. Financial Assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

(i) Classification of Financial Assets

Financial instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as

Notes forming part of the Standalone Financial Statements

at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (FVTOCI) (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Changes in the carrying amount of FVTOCI monetary financial assets relating to changes in foreign currency rates are recognised in profit or loss. Other changes in the carrying amount of FVTOCI financial assets are recognised in other comprehensive income and accumulated under the heading of 'Reserve for debt instruments through other comprehensive income'. When the investment is disposed off or is determined to be impaired, the cumulative gain or loss previously accumulated in this reserve is reclassified to profit or loss.

All other financial assets are subsequently measured at fair value.

(ii) Effective interest method:

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL.

(iii) Investments in equity instruments at FVTOCI

On initial recognition, the Company can make an irrevocable election (on an instrument-by-instrument basis) to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments.

Notes forming part of the Standalone Financial Statements

A financial asset is held for trading if:

It has been acquired principally for the purpose of selling it in the near term; or

- On initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- It is a derivative that is not designated and effective as a hedging instrument or a financial guarantee.

Dividend on these investments in equity instruments are recognised in the Statement of Profit and Loss when the right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

The company has investment in an entity which are not held for trading and are initially measured at cost less provision for diminution. Subsequently they are measured at fair value with gain or loss arising from changes in fair value recognised in other comprehensive income and accumulated in 'General Reserves'.

(iv) Financial Assets at Fair value through Profit or Loss (FVTPL):

Investments in equity instruments are classified as FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

Debt instruments that do not meet the amortised cost criteria or

FVTOCI criteria are measured at FVTPL. In addition, instruments that meet the amortised cost criteria or FVTOCI criteria may be designated as FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains or losses on them on different bases.

Financial Assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in the Statement of Profit and Loss. The net gain or loss recognised in the Standalone Statement of Profit and Loss incorporates any dividend or interest earned on the financial asset. Dividend on financial assets at FVTPL are recognised when the right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

The company has investments in Mutual funds which it had carried individually, at the lower of cost and fair value determined on the basis of each category of investments. Subsequently with the application of INDAS the investments in Mutual funds are valued at Mark to Mark up with gain or loss in investments being recognized in Profit and Loss statement.

Investment in the capital of partnership firm is stated at cost. The Profit or Loss is recognised as and when the firm's accounts are finalised.

Notes forming part of the Standalone Financial Statements

(v) Impairment of Financial Assets:

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables and other contractual rights to receive cash or other financial asset.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of the financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the life-time expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on the financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the life-time cash shortfalls that will result if the default occurs within the 12 months after reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company measures the loss allowance for a financial instrument at lifetime expected credit loss model in the previous period but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in risk of default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the date of initial recognition.

For trade receivables or any contractual right to receive cash or other financial asset that result from transactions that are within the scope of Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

(vi) De-recognition of Financial Assets:

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for

Notes forming part of the Standalone Financial Statements

amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On de-recognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognized in profit or loss on disposal of that financial asset.

On de-recognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss if such gain or loss would have otherwise been recognized in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis

of the relative fair values of those parts.

(vii) Foreign exchange gain and losses:

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in profit or loss.

Changes in carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognised in other comprehensive income.

For the purposes of recognising foreign exchange gains or losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in the Standalone Statement of Profit and Loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income.

B. Financial liabilities and equity instruments

(i) Classification as debt or equity

Debt and equity instruments issued by the Company as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

(ii) Equity Instruments:

An equity instrument is any contract that evidences a residual interest in the assets of the Company after

Notes forming part of the Standalone Financial Statements

deducting all its liabilities. Equity instruments issued by the Company are recorded at the proceeds received, net of direct issue costs.

(iii) Financial Liabilities:

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

However, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Company are measured in accordance with the specific accounting policies set out below.

(iv) Financial Liabilities at FVTPL:

Financial liabilities are classified as at FVTPL when the financial liability is either held for trading or it is designated as at FVTPL.

A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or

A financial liability other than a financial liability held for trading may be designated as at FVTPL upon initial recognition if:

- Such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise; or

- the financial liability forms part of a Company of financial assets or financial liabilities or both, which is managed, and its performance is evaluated on a fair value basis, in accordance with the Company's documented risk management or investment strategy, and information about the Companying is provided internally on that basis;

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in the Statement of Profit and Loss.

(v) Financial Liabilities subsequently measured at amortised cost:

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Notes forming part of the Standalone Financial Statements

(vi) Foreign exchange gain and losses:

For financial liabilities that are denominated in a foreign currency and measured at amortised cost at the end of each reporting period, the foreign exchange gains and losses are determined based on amortised cost of the instruments and are recognised in the Statement of Profit and Loss.

The fair value of the financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period. For financial liabilities that are measured at FVTPL, the foreign exchange component forms part of the fair value gains or losses recognised in the Statement of profit and Loss.

(vii) Derecognition of financial liabilities:

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised the Statement of Profit and Loss.

(viii) Offsetting:

Financial assets and financial liabilities are offset, and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

(ix) Financial guarantee and contracts:

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contract contracts issued by the Company are initially measured at their fair values and, if not designated as FVTPL, are subsequently measured at their fair values and, if not designated as FVTPL, are subsequently measured at the higher of:

- The amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and

Amount previously recognised in other comprehensive income and accumulated in equity relating to (effective portion as described above) are reclassified to the Statement of Profit and Loss, in the same line as the recognised hedged item. However, when the hedged forecast transaction results in the recognition of a non-financial asset or a non-financial liability, such gains and losses are transferred from equity (but not a reclassification adjustment) are included in the initial measurement of the cost of the non-financial asset or non-financial liability.

3.16 Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made.

Notes forming part of the Standalone Financial Statements

Revenue is measured at the transaction price for each separate performance obligation, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The transaction price is net of Revenue is reduced for estimated customer returns, rebates and other similar allowances. The specific recognition criteria described below must also be met before revenue is recognised.

Sale of Goods:

Revenue from the sale of goods is recognized at a point in time when the control of the products has transferred which generally coincides with dispatch of products to customers in case of domestic sales and on the basis of bill of lading in the case of export sales.

Revenue from the sale of goods is recognised when the control of the product is transferred the goods are delivered and titles have passed, at which time all the following conditions are satisfied:

- Company has transferred to the buyer the significant risks and rewards of ownership of the goods;
- Company has a present right to payment for the asset
- Company has transferred physical possession of the asset, whereby the customer has the ability to direct the use of, and obtain substantially all of the remaining benefits from, the asset or to restrict the access of other entities to those benefits.

When the consideration is received, before the Company transfers a goods to the customer, the Company shall present the consideration as a contract liability.

Rendering of services

Revenue from divisible service contracts:

- a) service contracts are recognised over a period of time determined using the percentage completion method, synchronized to the billing schedules

agreed by the customers, identical with others in similar business and

- b) the revenue relating to of supplies are measured in line with policy set out in 3.4.1 in respect of indivisible contracts, the revenues are recognised over a period of time, measured as per (a) above.

When the consideration is received, before the Company transfers a goods to the customer, the Company shall present the consideration as a contract liability and when the services rendered by the Company exceed the payment, a contract asset is recognised excluding any amount presented as receivable.

Other income

Dividend income from investments is recognised when the shareholder's right to receive payment has been established.

Interest income from a financial asset is recognised and accrued using effective interest rate method.

Rental income is recognised on a straight line basis in accordance with the agreement.

3.17 Government grants, subsidies and export incentives

Government grants are recognised at their fair value where there is a reasonable assurance that the grant will be received, and the Company will comply with all attached conditions. Government grants are recognised in the statement of profit or loss on a systematic basis over the periods in which the Company recognises the related costs for which the grants are intended to compensate.

Government grants whose primary condition is that the Company should purchase, construct or otherwise acquire non - current assets are recognised as deferred revenue in the Balance Sheet and transferred to the profit or loss on a systematic and rational basis over the useful lives of the related assets.

Notes forming part of the Standalone Financial Statements

The value of money receivable from Government grants is discounted based on past trends and the company makes an estimate of the expected future cash flows based on suitable discount rate to calculate the present value to those cash flows.

3.18 Employee Benefits

Employee benefits include Provident Fund, Superannuation Fund, Employee State Insurance Scheme, Gratuity Fund and Compensated Absences.

a. Defined Contribution Plan

Fixed contributions to the Superannuation Fund which is administered by the Company nominated trustees and managed by Life Insurance Corporation of India are charged to the Statement of Profit and Loss as and when due. Company also contributes to a Government administered Provident Fund and Pension Fund on behalf of its employees, which are charged to the Statement of Profit and Loss.

b. Defined Benefit Plan

The liability for Gratuity to employees as at the Balance Sheet date is determined on the basis of actuarial valuation using Projected Unit Credit Method and is funded to a Gratuity fund administered by the trustees and managed by Life Insurance Corporation of India. The liability thereof paid / payable is absorbed in the accounts. The actuarial gains / losses are recognized in the Statement of Profit and Loss. The employees and the Company make monthly fixed contributions to the Parry Agro Industries Staff Provident Fund, equal to a specified percentage of the covered employee's salary. The interest rate payable by the Fund to the beneficiaries shall not be lower than the rates notified by the Government every year. The Company has an obligation to make good the shortfall, if any, between the return from the investments of the trust and the notified interest rate.

c. Long Term Compensated Absences

In respect of long term portion of compensated absences, the liability is determined and provided for on the basis of actuarial valuation as at the Balance Sheet date, using Projected Unit Credit Method.

d. Short Term Employee Benefits

Short term employee benefits including accumulated compensated absences determined as per Company's policy / scheme are recognized as an expense based on expected obligation on undiscounted basis.

3.19 Depreciation and Amortisation

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. No depreciation is charged on land (freehold)

Depreciation on Property, Plant and Equipment has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013, except in respect of certain bearer plants, machines used in harvesting / pruning and vehicles under the employee car purchase scheme, in whose case the life of the assets has been assessed as given below, based on internal technical evaluation, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, and maintenance support, etc.

Bearer plants	65 to 105 years
Machines used in harvesting / pruning	2 to 4 years
Vehicles under employee car purchase scheme	6 -7.5 years

Cost of Software License is fully amortised in the year of addition.

In respect of additions and deletions, depreciation charge is restricted to the period of use.

The estimated useful lives, residual values and depreciation method are reviewed at the

Notes forming part of the Standalone Financial Statements

end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

3.20 Taxes on income

Taxes on income comprises of current taxes and deferred taxes. Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with applicable tax rates and provisions of Income Tax Act, 1961 and other applicable tax laws.

Minimum alternative tax (MAT) paid in accordance to the tax laws, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the balance sheet when it is probable that the future economic benefit associated with it will flow to the Company.

Deferred tax is recognized on temporary differences between the carrying amount of assets and liabilities and the corresponding tax bases used in computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected

to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

3.21 Provisions, Contingent Liabilities and Contingent Assets

A provision is recognised when the Company has a present obligation as a result of past events, and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes. Contingent assets are not recognised in the financial statements.

3.22 Operating segment

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker (CODM). The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Chief Executive Officer.

- Trade receivables are generally due between 30 to 60 days. The Company's term includes charging of interest for delayed payment beyond agreed credit days. However, the Company exercises charging of interest after considering the historical trend, business prospects, reason for delay, market conditions etc.
- Credit risk is managed at the respective entity level . The credit limit and credit period are fixed for each customer after evaluating the financial position, past performance, business opportunities, credit references etc. The Company may consider credit rating when needed. The credit limit and the credit period are reviewed regularly at periodical intervals.
- Concentration risk considers significant exposures relating to industry, counterparty, geography, currency etc. The concentration of credit risk is not significant due to the fact that the customer base is large and diversified.
- Based on the historical credit loss experience adjusted for forward looking information, no allowance for expected credit loss in respect of Trade Receivables is considered necessary as at March 31, 2022 and March 31, 2021.

Risk Management

These plans typically expose the company to actuarial risks such as: Investment, Interest rate, longevity and salary escalation risk:

- (i) **Investment risk:** The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. Currently, the investments are made in accordance with the guidelines under the applicable statutes.
- (ii) **Interest risk:** A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's debt investments.
- (iii) **Longevity risk:** The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.
- (iv) **Salary escalation risk:** The present value of the defined benefit plan liability is calculated with reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

Financial Risk Management Framework:

The Company is exposed to certain financial risks that could have a significant impact on the Company's operational and financial performance. These risks include market risk, credit risk and liquidity risk. The Company's treasury function provides services to the business, co-ordinates access to domestic and international financial markets, monitors and manages the financial risks relating to the operations of the Company through internal risk reports which analyse the exposure by degree and magnitude of risks. The treasury function reports periodically to the Board of Directors of the Company, who monitors the risks and policies implemented to mitigate the risk exposures and have the overall responsibility to ensure the same. The Company has not offset financial assets and financial liabilities.

Market Risk:

The Company's activities exposes it primarily to the financial risk of change in foreign currency exchange rates and interest rates.

Foreign Currency Risk Management:

The Company undertakes transactions denominated in foreign currencies and consequently, exposures to exchange rate fluctuation arises. The Company follows the principle of natural hedge considering that the foreign currency exposures primarily are on account of import of capital goods/raw materials and export of finished goods. The Company does not enter into trade financial instruments including derivative financial instruments for hedging its foreign currency risk. The appropriateness/adequacy of the natural hedging principle is reviewed periodically with reference to the approved foreign currency risk management policy followed by the Company.

Interest Rate Risk Management:

The Company is exposed to interest rate risks as the Company borrows funds from the market based on market determined interest rates, based on need. The interest rate risk is managed by the Company in accordance with the approved risk management policy, mix and nature of the borrowings etc. in order to reduce the risk of variability of interest rates on the Company.

Credit Risk:

Credit risk refers to the risk that a customer or a counterparty will default on its contractual obligations resulting in a financial loss to the Company. The credit worthiness of the customers are assessed through a strong credit risk assessment policy of the Company. The Company's domestic sales operates primarily on a cash and carry/advance model and do not carry significant credit risk. The Company's exports carry an average credit period of normally 180 days and are normally backed by a letter of credit to cover the risk. Further, the Company periodically assesses the credit worthiness of its customers and, has a number of customers across geographies thereby minimizing the concentration risk.

The carrying amount of the financial assets recorded in these financial statements, grossed up for any allowance for losses, represents the maximum exposures to credit risk.

None of the Company's cash equivalents, including deposits with bank, are past due or impaired. Regarding the trade receivables, other loans and receivables that are neither impaired nor past due, there were no indicators as at 31 March 2022 that defaults in payment obligations will occur.

Liquidity and Interest Risk Tables :

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows. To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

Fair Value measurement:

Fair value hierarchy

Financial assets and financial liabilities measured at fair value in the statement of financial position are grouped into three Levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurements:

- * Level 1 - Quoted price in an active market.
- * Level 2 - Discounted cash flow. Future cash flows are estimated based on forward exchange rates and contract rates, discounted at a rate that reflects the credit risk of various counterparties.
- * Level 3 - Discounted cash flow method is used to capture the present value of the expected future economic benefits that will flow to the company.

CONSOLIDATED FINANCIAL STATEMENTS

2021-22

Independent Auditor's Report

TO THE MEMBERS OF PARRY AGRO INDUSTRIES LIMITED

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Parry Ago Industries Limited ("the Parent Company") and its subsidiary, (the Parent and its subsidiary together referred to as "the Group") which includes the Group's share of loss in its associate, which comprise the Consolidated Balance Sheet as at March 31, 2022, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports other auditors on separate financial statements of subsidiary and associate referred to in the Other Matters section below, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ('Ind AS'), and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2022, and their consolidated loss, their consolidated total comprehensive loss, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing specified under section 143 (10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group and its associate in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the

provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in Other Matters section below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Parent Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Directors' Report, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon.
- Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the consolidated financial statements, our responsibility is to read the other information, compare with the financial statements of the subsidiary and associate audited by the other auditors, to the extent it relates to these entities and, in doing so, place reliance on the work of the other auditors and consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. There was no other information relating to the subsidiary that was included in the Directors' Report.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Parent Company's Board of Directors is responsible for the matters stated in section 134(5)

of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group including its Associate in accordance with the Ind AS and other accounting principles generally accepted in India. The Parent Company's Board of Directors and the Management of the Subsidiary included in the Group and of its associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and its associate and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Parent Company, as aforesaid.

In preparing the consolidated financial statements, the Parent Company's Board of Directors and Management of the Subsidiary included in the Group and of its associate are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The Parent Company's Board of Directors and Management of the Subsidiary in the Group and of its associate are also responsible for overseeing the financial reporting process of the Group and of its associate.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable

assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Parent Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associate to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associate to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associate to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities or business activities included in the consolidated financial statements of which we are the independent auditors. For the other entities or business activities included in the consolidated financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Parent Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matters

We did not audit the financial statement of one subsidiary, whose financial statements reflect total assets of ₹ 115.94 Lakh as at March 31, 2022, total

revenues of ₹ Nil and net cash inflows amounting to ₹ Nil for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of loss of ₹ 3.68 Lakh for the year ended March 31, 2022, as considered in the consolidated financial statements, in respect of one associate, whose financial statements have not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of this subsidiary and associate, and our report in terms of subsection (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiary and associate is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements above and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on the separate financial statements of subsidiary and associate referred to in the Other Matters section above we report, to the extent applicable that:

- d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors of the Parent Company as on March 31, 2022 taken on record by the Board of Directors of the Company and the reports of the statutory auditors of its associate company incorporated in India, none of the directors of the Group, its associate company incorporated in India is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" which is based on the auditors' reports of the Parent Company to whom internal financial controls over financial reporting is applicable. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of Parent Company's internal financial controls over financial reporting. Reporting on the adequacy of Internal Financial Control Over Financial Reporting of the Company and the operating effectiveness of such controls, under section 143(3)(i) of the Act is not applicable to Associate Company in view of the exemption available in terms of the notification no. G.S.R. 583(E) dated 13 June 2017 issued by the Ministry of Corporate Affairs, Government of India, read with general circular No. 08/2017 dated 25 July 2017. The Subsidiary being a partnership firm, the provisions of the Companies Act are not applicable.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Parent Company is in accordance with the provisions of section 197 of the Act. Subsidiary Company and Associate Company being a partnership firm and private company respectively, provisions of Section 197 of the Act related to the managerial remuneration is not applicable.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i) The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group and its associate
 - ii) the Group and its associate did not have any material foreseeable losses on long-term contracts including derivative contracts.
 - iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Parent Company and its associate company incorporated in India.
 - iv) (a) The respective Managements of the Parent Company and its associate which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us and to the other auditors of such associate that, to the best of their knowledge and belief, as disclosed in Note 25(iii) to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Parent Company or any such associate to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Parent Company or any such associate ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries. The Subsidiary being a partnership firm, the provisions of the Companies Act are not applicable.

- (b) The respective Managements of the Parent Company and its associate which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us and to the other auditors of such associate that, to the best of their knowledge and belief, as disclosed in Note 25 (iv) to the consolidated financial statements, no funds have been received by the Parent Company or such associate from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Parent Company or any such associate shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries. The Subsidiary being a partnership firm, the provisions of the Companies Act are not applicable.
- (c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances performed by us and that performed by the auditors of the associate which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our or other auditor's notice that has caused us or the other auditors to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement. The Subsidiary being a partnership firm, the provisions of the Companies Act are not applicable.
- (d) The final dividend proposed in the previous year, declared and paid by the Parent Company during the year is in accordance with section 123 of the Act, as applicable. The associate company incorporated in India, whose financial statements have been audited under the Act, have not declared or paid any dividend during the year and have not proposed final dividend for the year. The Subsidiary being a partnership firm, the provisions of the Companies Act are not applicable.
2. With respect to the matters specified in clause (xxi) of paragraph 3 and paragraph 4 of the Companies (Auditor's Report) Order, 2020 ("CARO") issued by the Central Government in terms of Section 143(11) of the Act, according to the information and explanations given to us, and based on the CARO reports issued by us and the auditors of Associate Company included in the consolidated financial statements to which reporting under CARO is applicable, as provided to us by the Management of the Parent Company, we report that there are no qualifications or adverse remarks by the auditors in the CARO reports of the said Associate Company included in the consolidated financial statements. The Subsidiary is a Partnership firm and therefore reporting under CARO is not applicable.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1 (f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the Consolidated Ind AS financial statements of the Company as of and for the year ended March 31, 2022, we have audited the internal financial controls over financial reporting of Parry Agro Industries Limited (hereinafter referred to as the “Parent”). The Parent Company has one subsidiary and one Associate Company incorporated in India. The Subsidiary, which is a partnership firm and therefore reporting on the adequacy of the Internal Financial Controls over Financial Reporting, is not applicable to the said subsidiary.

Reporting on the adequacy of Internal Financial Control Over Financial Reporting of the Company and the operating effectiveness of such controls, under section 143(3)(i) of the Act is not applicable to Associate Company in view of the exemption available in terms of the notification no. G.S.R. 583(E) dated 13 June 2017 issued by the Ministry of Corporate Affairs, Government of India, read with general circular No. 08/2017 dated 25 July 2017.

Hence this Report on the Internal Financial Controls over Financial Reporting relating to the Consolidated Financial Statements relates solely to the Parent company

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Parent is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Parent Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Parent Company, based on our audit. We conducted our audit in accordance with the Guidance Note issued by the ICAI and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Parent Company.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us, the Parent Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the criteria for internal financial control over financial reporting established by the Parent Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to one Associate Company, which is a Company incorporated in India, is based solely on the report of the auditors of such Company incorporated in India.

Our opinion is not modified in respect of this matter.

Notes forming part of the Consolidated Financial Statements

1. Company Overview

The main business of the company is cultivation and manufacture of Tea. The company owns 7 estates and 8 factories spread across Assam and Tamil Nadu. The Company currently sells about 12.56 million kilograms of Tea. The Company has 98% Share in a Partnership firm, Yelnoorkhan Group of Estates, whose financial statements have been included in these consolidated financial statements. The firm is into cultivation and manufacture of Coffee.

2. Statement of Compliance

These financial statements for the year ended March 31, 2022 have been prepared in accordance with Indian Accounting Standards (IND ASs) notified under the Companies (Indian Accounting Standards) Rules 2015 as amended by the Companies (Indian Accounting Standards) (Amendment) Rules 2016. The Company adopted INDAS from April 1, 2017.

3. Significant Accounting Policies

3.1 Basis of Preparation and Presentation

The financial statements have been prepared on the historical cost basis except for certain items which are measured at fair value at the end of each reporting period, as explained in the accounting policies given below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique.

In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for leasing transactions

that are within the scope of INDAS 17 and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2. In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2, or 3 based on the degrees to which the inputs to fair value measurement are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly and

Level 3 inputs are unobservable inputs for the asset or liability.

3.2 Principles of Consolidation

The consolidated financial statements relate to Parry Agro Industries Limited (“the Company”/ “Group”), its subsidiary and the Group’s share of loss in its associate. The consolidated financial statements have been prepared on the following basis:

- (i) The Consolidated Financial Statements of the subsidiary used in the consolidation are drawn up to the same reporting date as that of the Company i.e., March 31, 2022. These have been consolidated based on latest available financial statements. Necessary adjustments have been made, for the effects of significant transactions and other events between the reporting dates of such financial statements and these consolidated financial statements.
- (ii) The Consolidated Financial Statements of the Company and its subsidiary have been combined on a line-by-line basis by adding together like items of assets, liabilities, income and expenses, after eliminating intra-group balances, intra-group transactions and resulting unrealised profits or losses, unless cost cannot be recovered.

Notes forming part of the Consolidated Financial Statements

(iii) The Consolidated Financial Statements include the share of loss of the associate company which have been accounted for using equity method as per Ind AS 28 Investments in Associates and Joint Ventures. Accordingly, the share of loss of the associate company has been deducted from the cost of investments.

(iv) The excess of cost to the Group of its investments in the subsidiary / associate entity over its share of capital of the subsidiary, at the dates on which the investment in the subsidiary entity was made, is recognised as 'Goodwill' being an asset in the consolidated financial statements and is tested for impairment on annual basis. On the other hand, where the share of capital in the subsidiary as on the date of investment is in excess of cost of investments of the Group, it is recognised as 'Capital Reserve' and shown under the head 'Reserves and Surplus', in the consolidated financial statements.

(v) The difference between the cost of investment in the associate and the share of net assets at the time of acquisition of shares in the associate is identified in the consolidated financial statements as Goodwill or Capital reserve as the case may be.

(vi) Goodwill arising on consolidation is not amortised but tested for impairment.

(vii) The following subsidiary has been considered in the preparation of the consolidated financial statements:

Name of the entity	Relation-ship	% of Holding and voting power as at	
		As at 31 March 2022	As at 31 March 2021
Yelnoorkhan Group of Estates (Partnership firm)	Subsidiary	98%	98%

(viii) The following associate have not been consolidated / accounted under the equity method but have been accounted for as investments under AS 13 Accounting

for Investments in the Consolidated Financial Statements:

Name of the entity	Relation-ship	% of Holding and voting power as at	
		As at 31 March 2022	As at 31 March 2021
Murugappa Water Technology and Solutions Private Limited	Associate	38.48%	4.25%

(ix) The consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances.

3.3 Use of estimates and judgements

The preparation of financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of the accounting policies and the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the year. Actual results could differ from those estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period; they are recognised in the period of the revision and future periods if the revision affects both current and future periods. Judgements are made in applying accounting policies that have the most significant effects on the amounts recognised in the financial statements. Assumption and estimation uncertainties that have a significant risk of resulting in a material adjustment are reviewed on ongoing basis.

3.4 Operating cycle

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013 and Ind AS 1. The Company has ascertained its operating cycle as twelve months for the purpose of current

Notes forming part of the Consolidated Financial Statements

and non-current classification of assets and liabilities.

3.5 Property, Plant and Equipment

(i) Tangible Assets (Other than Bearer Plants): Property, Plant and Equipment are stated at cost less accumulated depreciation and accumulated impairment losses. Cost includes deemed cost, measured as per the previous GAAP, which includes Standards notified under the Companies (Accounting Standards) Rules, 2006. Cost is inclusive of incidental expenses related to acquisition and installation of assets and borrowing costs incurred up to the date of commencing operations. Expenses for the repair of property plant and equipment's are charged against income when incurred.

Items of property, plant and equipment's are depreciated in a manner that amortises the cost of the assets less its residual value over their useful life on a straight line basis. The same is covered in note 3.19.

Subsidy received from Tea Board and other agencies towards specific asset is reduced from the cost of respective Property, Plant and Equipment and recognised as income over the life of the depreciable asset by way of a reduced depreciation charge. Subsequent expenditure on Property, Plant and Equipment after its purchase / completion is capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

An item of Property, Plant and Equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

The subsidiary does not have any fixed assets as at March 31, 2022 and as at March 31, 2021.

(ii) Bearer Plants:

The Company follows the below policies on accounting of bearer plants:

- The company has determined the cost of bearer plants of tea as on April 1, 2016 after deducting from the carrying value of land and land development as on that date, the estimated cost of land arrived based on the guideline value as on the date nearing to date of acquisition
- Depreciation on bearer plants is charged based on their estimated useful life as assessed and certified by external value assessors
- Immature crops, including the cost incurred for nursery plants (other than used for infilling) are carried at cost less any recognized impairment losses under capital work-in-progress. Cost includes the cost of uprooting and replanting and maintenance of newly planted bushes for a period of 4 to 5 years until maturity. On maturity (i.e. when the bearer plants are ready for their intended use), these costs are classified under the block Bearer Plants. Expenses incurred towards Pepper during the first year of planting will be capitalised and from subsequent years expenses will be charged off to Consolidated Statement of Profit and loss.
- Uprooting and replanting subsidy received from Tea Board for replanting done before April 1, 2016 has been credited to the Consolidated Statement of Profit and Loss under Other Income and subsidy received for replanting done after April 1, 2016 will be reduced from original capitalised value and will be recognized

Notes forming part of the Consolidated Financial Statements

as income over the life of the depreciable asset by way of a reduced depreciation charge.

- Costs incurred for infilling including block infilling are generally recognized in the Consolidated Statement of Profit and Loss unless there is a significant increase in the yield of the sections, in which case such costs are capitalized and depreciated over the remaining useful life of the respective fields.

3.6 Intangible Assets:

Intangible assets of the company comprise acquired computer software having a finite life. Cost of software is capitalised where it is expected to provide future enduring economic benefits. Capitalisation costs include licence fees and cost of implementation / system integration services. The costs are capitalised in the year in which the relevant software is implemented for use and is amortised over its useful life. Expenses incurred on upgradation / enhancements is charged off as revenue expenditure unless they bring similar significant additional benefits.

3.7 Capital work-in-progress:

Projects under which Property, Plant and Equipment are not yet ready for their intended use are carried at cost less any recognized impairment losses, comprising direct cost and other related incidental expenses.

3.8 Research and development expenses

Research and Development expenditure of revenue nature is written off in the Consolidated statement of profit and loss as incurred. Such expenditure is capitalised as intangible assets only if it meets the criteria of an intangible asset. Internally generated.

3.9 Impairment of assets

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists.

If the carrying amount of the assets exceeds the estimated recoverable amount, impairment is recognised for such excess amount. The impairment loss is recognised as an expense in the Consolidated Statement of Profit and Loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Consolidated Statement of Profit and Loss, to the extent the amount was previously charged to the Consolidated Statement of Profit and Loss. In case of revalued assets such reversal is not recognised.

3.10 Cash and cash equivalents (for purposes of Cash Flow Statement)

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition) and highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

3.11 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

Notes forming part of the Consolidated Financial Statements

3.12 Biological Assets other than bearer plants

- (i) Biological assets of the Company comprise of unharvested green tea leaves that are classified as current biological assets. The Company recognizes biological assets when, and only when, the Company controls the assets as a result of past events, it is probable that future economic benefits associated with such assets will flow to the Company and the fair value or cost of the assets can be measured reliably. Expenditure incurred on biological assets is measured on initial recognition and at the end of each reporting period at its fair value less costs to sell. The gain or loss arising from a change in fair value less costs to sell of biological assets are included in Consolidated Statement of Profit and Loss for the period in which it arises.
- (ii) The Company recognizes agricultural produce when, and only when, the Company controls the assets as a result of past events, it is probable that future economic benefits associated with such assets will flow to the Company and the fair value or cost of the assets can be measured reliably. Agricultural produce harvested from the Company's biological assets are valued at fair value less cost to sell at the point of harvest. A gain or loss arising on initial recognition of agricultural produce at fair value less costs to sell shall be included in Consolidated Statement of profit and loss for the period in which it arises. The Company's agricultural produce comprises of green leaves plucked from its tea estates.

3.13 Inventories

Inventories are stated at the lower of cost and net realisable value. Finished goods produced from agricultural produce are valued at lower of cost arrived at by adding the cost of conversion to the fair value of agricultural produce and the net realisable value. Net realisable value represents the estimated selling price for inventories less all

selling costs. Provision is made for obsolete, slow moving and defective inventories, whenever necessary. Stores and spare parts are valued at cost ascertained on moving weighted average basis. Nursery stocks considered for infilling as per management assessment are valued at cost incurred in raising and maintaining such stock till transplantation. Other nursery stocks considered for replanting are included in capital work in progress.

The subsidiary does not have any inventory as at March 31, 2022 and as at March 31, 2021.

3.14 Foreign Currency Transactions

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets and financial liabilities at fair value through profit and loss are recognised immediately in the Consolidated statement of profit and loss.

3.15 Leases

The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of

Notes forming part of the Consolidated Financial Statements

the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit

in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are re-measured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

3.16 Financial Instruments:

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the relevant instrument and are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issues of financial assets and financial liabilities (other than financial assets and financial liabilities measured at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial assets or financial liabilities. Purchase or sale of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way).

A. Financial Assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

(i) Classification of Financial Assets

Financial instruments that meet the following conditions are subsequently measured at

Notes forming part of the Consolidated Financial Statements

amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (FVTOCI) (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Changes in the carrying amount of FVTOCI monetary financial assets relating to changes in foreign currency rates are recognised in profit or loss. Other changes in the carrying amount of FVTOCI financial assets are recognised in other comprehensive income and accumulated under the heading of 'Reserve for debt instruments through other comprehensive income'. When the investment is disposed off or is determined to be impaired, the cumulative gain or

loss previously accumulated in this reserve is reclassified to profit or loss.

All other financial assets are subsequently measured at fair value.

(ii) **Effective interest method:**

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL.

(iii) **Investments in equity instruments at FVTOCI**

On initial recognition, the Company can make an irrevocable election (on an instrument-by-instrument basis) to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive

Notes forming part of the Consolidated Financial Statements

income'. The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments.

A financial asset is held for trading if:

It has been acquired principally for the purpose of selling it in the near term; or

- On initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- It is a derivative that is not designated and effective as a hedging instrument or a financial guarantee.

Dividend on these investments in equity instruments are recognised in the Statement of Profit and Loss when the right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

The company has investment in an entity which are not held for trading and are initially measured at cost less provision for diminution. Subsequently they are measured at fair value with gain or loss arising from changes in fair value recognised in other comprehensive income and accumulated in 'General Reserves'.

(iv) **Financial Assets at Fair value through Profit or Loss (FVTPL):**

Investments in equity instruments are classified as FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value

in other comprehensive income for investments in equity instruments which are not held for trading.

Debt instruments that do not meet the amortised cost criteria or FVTOCI criteria are measured at FVTPL. In addition, instruments that meet the amortised cost criteria or FVTOCI criteria may be designated as FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains or losses on them on different bases.

Financial Assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in the Statement of Profit and Loss. The net gain or loss recognised in the Consolidated Statement of Profit and Loss incorporates any dividend or interest earned on the financial asset. Dividend on financial assets at FVTPL are recognised when the right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

The company has investments in Mutual funds which it had carried individually, at the lower of cost and fair value determined on the basis of each category of investments. Subsequently with the application of INDAS the investments in Mutual funds are valued at Mark to Mark up with gain or loss in investments being recognized in Profit and Loss statement.

Notes forming part of the Consolidated Financial Statements

Investment in the capital of partnership firm is stated at cost. The Profit or Loss is recognised as and when the firm's accounts are finalised.

(v) **Impairment of Financial Assets:**

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables and other contractual rights to receive cash or other financial asset.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of the financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the life-time expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on the financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month

expected credit losses are portion of the life-time expected credit losses and represent the life-time cash shortfalls that will result if the default occurs within the 12 months after reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company measures the loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in risk of default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the date of initial recognition. 'For trade receivables or any contractual right to receive cash or other financial asset that result from transactions that are within the scope of Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

(vi) **De-recognition of Financial Assets:**

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or

Notes forming part of the Consolidated Financial Statements

when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On de-recognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognized in profit or loss on disposal of that financial asset.

On de-recognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received

for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss if such gain or loss would have otherwise been recognized in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

(vii) **Foreign exchange gain and losses:**

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period. For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in profit or loss.

Changes in carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognised in other comprehensive income. For the purposes of recognising foreign exchange gains or losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in the Consolidated Statement of Profit and Loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income.

B. Financial liabilities and equity instruments

(i) Classification as debt or equity

Debt and equity instruments issued by the Company as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

(ii) Equity Instruments:

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all its liabilities. Equity instruments issued by the Company are recorded at the proceeds received, net of direct issue costs.

(iii) Financial Liabilities:

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

However, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Company are measured in accordance with the specific accounting policies set out below.

(iv) Financial Liabilities at FVTPL:

Financial liabilities are classified as at FVTPL when the financial liability is either held for trading or it is designated as at FVTPL.

A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial

instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or

A financial liability other than a financial liability held for trading may be designated as at FVTPL upon initial recognition if:

- Such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise; or
- the financial liability forms part of a Company of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Company's documented risk management or investment strategy, and information about the Companying is provided internally on that basis;

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in the Statement of Profit and Loss.

(v) Financial Liabilities subsequently measured at amortised cost:

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'finance costs' line item.

The effective interest method is a method of calculating the amortised

Notes forming part of the Consolidated Financial Statements

cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

(vi) Foreign exchange gain and losses:

For financial liabilities that are denominated in a foreign currency and measured at amortised cost at the end of each reporting period, the foreign exchange gains and losses are determined based on amortised cost of the instruments and are recognised in the Statement of Profit and Loss.

The fair value of the financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period. For financial liabilities that are measured at FVTPL, the foreign exchange component forms part of the fair value gains or losses recognised in the Statement of profit and Loss.

(vii) Derecognition of financial liabilities:

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Statement of Profit and Loss.

(viii) Offsetting:

Financial assets and financial liabilities are offset, and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

(ix) Financial guarantee and contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contract contracts issued by the Company are initially measured at their fair values and, if not designated as FVTPL, are subsequently measured at their fair values and, if not designated as FVTPL, are subsequently measured at the higher of:

- The amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and

Amount previously recognised in other comprehensive income and accumulated in equity relating to (effective portion as described above) are reclassified to the Statement of Profit and Loss, in the same line as the recognised hedged item. However, when the hedged forecast transaction results in the recognition of a non-financial asset or a non-financial liability, such gains and losses are transferred from equity (but not a reclassification adjustment) are

Notes forming part of the Consolidated Financial Statements

included in the initial measurement of the cost of the non-financial asset or non-financial liability.

3.17 Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made.

Revenue is measured at the transaction price for each separate performance obligation, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The transaction price is net of Revenue is reduced for estimated customer returns, rebates and other similar allowances. The specific recognition criteria described below must also be met before revenue is recognised.

Sale of Goods:

Revenue from the sale of goods is recognized at a point in time when the control of the products has transferred which generally coincides with dispatch of products to customers in case of domestic sales and on the basis of bill of lading in the case of export sales.

Revenue from the sale of goods is recognised when the control of the product is transferred the goods are delivered and titles have passed, at which time all the following conditions are satisfied:

- Company has transferred to the buyer the significant risks and rewards of ownership of the goods;
- Company has a present right to payment for the asset
- Company has transferred physical possession of the asset, whereby the customer has the ability to direct the use of, and obtain substantially all of the remaining benefits from, the asset or to restrict the access of other entities to those benefits.

When the consideration is received, before the Company transfers a goods to the customer, the Company shall present the consideration as a contract liability.

Rendering of services

Revenue from divisible service contracts:

- a) service contracts are recognised over a period of time determined using the percentage completion method, synchronized to the billing schedules agreed by the customers, identical with others in similar business and
- b) the revenue relating to of supplies are measured in line with policy set out in 3.4.1 in respect of indivisible contracts, the revenues are recognised over a period of time, measured as per (a) above.

When the consideration is received, before the Company transfers a goods to the customer, the Company shall present the consideration as a contract liability and when the services rendered by the Company exceed the payment, a contract asset is recognised excluding any amount presented as receivable.

Other income

Dividend income from investments is recognised when the shareholder's right to receive payment has been established.

Interest income from a financial asset is recognised and accrued using effective interest rate method.

Rental income is recognised on a straight line basis in accordance with the agreement.

3.18 Government grants, subsidies and export incentives

Government grants are recognised at their fair value where there is a reasonable assurance that the grant will be received, and the Company will comply with all attached conditions. Government grants are recognised in the statement of profit or loss on a systematic basis over the periods in which the Company recognises the related costs for which the grants are intended to compensate.

Government grants whose primary condition is that the Company should purchase, construct or otherwise acquire non - current assets are recognised as deferred revenue in the Balance Sheet and transferred to the profit or loss on a

Notes forming part of the Consolidated Financial Statements

systematic and rational basis over the useful lives of the related assets.

The value of money receivable from Government grants is discounted based on past trends and the company makes an estimate of the expected future cash flows based on suitable discount rate to calculate the present value to those cash flows.

3.19 Employee Benefits

Employee benefits include Provident Fund, Superannuation Fund, Employee State Insurance Scheme, Gratuity Fund and Compensated Absences.

a. Defined Contribution Plan

Fixed contributions to the Superannuation Fund which is administered by the Company nominated trustees and managed by Life Insurance Corporation of India are charged to the Statement of Profit and Loss as and when due. Company also contributes to a Government administered Provident Fund and Pension Fund on behalf of its employees, which are charged to the Statement of Profit and Loss.

b. Defined Benefit Plan

The liability for Gratuity to employees as at the Balance Sheet date is determined on the basis of actuarial valuation using Projected Unit Credit Method and is funded to a Gratuity fund administered by the trustees and managed by Life Insurance Corporation of India. The liability thereof paid / payable is absorbed in the accounts. The actuarial gains / losses are recognized in the Statement of Profit and Loss. The employees and the Company make monthly fixed contributions to the Parry Agro Industries Staff Provident Fund, equal to a specified percentage of the covered employee's salary. The interest rate payable by the Fund to the beneficiaries shall not be lower than the rates notified by the Government every year. The Company has an obligation to make good the shortfall, if any, between the return from

the investments of the trust and the notified interest rate.

c. Long Term Compensated Absences

In respect of long term portion of compensated absences, the liability is determined and provided for on the basis of actuarial valuation as at the Balance Sheet date, using Projected Unit Credit Method.

d. Short Term Employee Benefits

Short term employee benefits including accumulated compensated absences determined as per Company's policy / scheme are recognized as an expense based on expected obligation on undiscounted basis.

3.20 Depreciation and Amortisation

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. No depreciation is charged on land (freehold).

Depreciation on Property, Plant and Equipment has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013, except in respect of certain bearer plants, machines used in harvesting / pruning and vehicles under the employee car purchase scheme, in whose case the life of the assets has been assessed as given below, based on internal technical evaluation, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, and maintenance support, etc.

Bearer plants	65 to 105 years
Machines used in harvesting / pruning	2 to 4 years
Vehicles under employee car purchase scheme	6 -7.5 years

Cost of Software License is fully amortised in the year of addition.

In respect of additions and deletions, depreciation charge is restricted to the period of use.

Notes forming part of the Consolidated Financial Statements

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

3.21 Taxes on income

Taxes on income comprises of current taxes and deferred taxes. Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with applicable tax rates and provisions of Income Tax Act, 1961 and other applicable tax laws.

Minimum alternative tax (MAT) paid in accordance to the tax laws, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the balance sheet when it is probable that the future economic benefit associated with it will flow to the Company.

Deferred tax is recognized on temporary differences between the carrying amount of assets and liabilities and the corresponding tax bases used in computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected

to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

3.22 Provisions, Contingent Liabilities and Contingent Assets

A provision is recognised when the Company has a present obligation as a result of past events, and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes. Contingent assets are not recognised in the financial statements.

3.23 Operating segment

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker (CODM). The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Chief Executive Officer.

Notes:

- Trade receivables are generally due between 30 to 60 days. The Company's term includes charging of interest for delayed payment beyond agreed credit days. However, the Company exercises charging of interest after considering the historical trend, business prospects, reason for delay, market conditions etc.
- Credit risk is managed at the respective entity level . The credit limit and credit period are fixed for each customer after evaluating the financial position, past performance, business opportunities, credit references etc. The Company may consider credit rating when needed. The credit limit and the credit period are reviewed regularly at periodical intervals.
- Concentration risk considers significant exposures relating to industry, counterparty, geography, currency etc. The concentration of credit risk is not significant due to the fact that the customer base is large and diversified.
- Based on the historical credit loss experience adjusted for forward looking information, no allowance for expected credit loss in respect of Trade Receivables is considered necessary as at March 31, 2022 and March 31, 2021.

Note: Figures in bracket relates to the previous year.

Note 24.8 : Employee benefits

Employee benefits include Provident Fund, Superannuation Fund, Employee State Insurance Scheme, Gratuity Fund and Compensated Absences.

a. Defined Contribution Plan

The Company makes Provident Fund and Employee State Insurance Scheme contributions which are defined contribution plans, for qualifying employees. Under the Schemes, the Company is required to contribute a specified percentage of the payroll costs to fund the benefits. The contributions payable to these plans by the Company are at rates specified in the rules of the schemes. The Company's contribution to Provident Fund and Employee State Insurance Scheme in the Consolidated Statement of Profit and Loss are as follows:

Particulars	2021-22	2020-21
Contribution to Employee Provident fund	517.13	476.34
Contribution to Employee State Insurance	0.17	0.14

b. Defined Benefit Plan

The Company operates defined benefit scheme in respect of Gratuity, to its employees. The liabilities arising in the Defined Benefit Schemes is determined in accordance with the advice of independent, professionally qualified actuaries, using the projected unit credit method as at year end. The Company makes regular contributions to this Employee Benefit Plan. Additional contributions are made to this plan as and when required based on actuarial valuation.

Risk Management

These plans typically expose the company to actuarial risks such as: Investment, Interest rate, longevity and salary escalation risk:

- (i) **Investment risk:** The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. Currently, the investments are made in accordance with the guidelines under the applicable statutes.
- (ii) **Interest risk:** A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's debt investments.
- (iii) **Longevity risk:** The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.
- (iv) **Salary escalation risk:** The present value of the defined benefit plan liability is calculated with reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

Financial Risk Management Framework:

The Company is exposed to certain financial risks that could have a significant impact on the Company's operational and financial performance. These risks include market risk, credit risk and liquidity risk. The Company's treasury function provides services to the business, co-ordinates access to domestic and international financial markets, monitors and manages the financial risks relating to the operations of the Company through internal risk reports which analyse the exposure by degree and magnitude of risks. The treasury function reports periodically to the Board of Directors of the Company, who monitors the risks and policies implemented to mitigate the risk exposures and have the overall responsibility to ensure the same. The Company has not offset financial assets and financial liabilities.

Market Risk:

The Company's activities exposes it primarily to the financial risk of change in foreign currency exchange rates and interest rates.

Foreign Currency Risk Management:

The Company undertakes transactions denominated in foreign currencies and consequently, exposures to exchange rate fluctuation arises. The Company follows the principle of nature hedge considering that the foreign currency exposures primarily are on account of import of capital goods/raw materials and export of finished goods. The Company does not enter into trade financial instruments including derivative financial instruments for hedging its foreign currency risk. The appropriateness/adequacy of the natural hedging principle is reviewed periodically with reference to the approved foreign currency risk management policy followed by the Company.

Additional Notes to Accounts (Contd.)

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of each reporting period are as follows:

The year-end foreign currency exposures that have not been hedged by a derivative instrument or otherwise are given below:

A. Outstanding as at March 31, 2022

Particulars	Currency	Amount in Foreign Currency	Amount in ₹ Lakhs
Receivables	USD	77,207.64	62.65
	EURO	4,750.00	3.97
		81,957.64	66.62

B. Outstanding as at March 31, 2021

Particulars	Currency	Amount in Foreign Currency	Amount in ₹ Lakhs
Receivables	USD	3,11,976.00	224.90
	EURO	28,947.60	24.99
		3,40,923.60	249.89

Foreign Currency sensitivity analysis:

The Company is mainly exposed to the currencies of USD, EUR

The following table details the Company's sensitivity to a 5% increase and decrease in the INR against the relevant foreign currencies 5% is the rate used in order to determine the sensitivity analysis considering the past trends and expectation of the management for changes in the foreign currency exchange rate. The sensitivity analysis includes the outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 5% change in foreign currency rates. A positive number below indicates an increase in profit or equity where the INR Strengthens 5% against the relevant currency. For a 5% weakening of the INR against the relevant currency, there would be a comparable impact on the profit or equity and balance below would be negative.

Particulars	As at March 31, 2022	As at March 31, 2021
(i) Impact of USD		
Increase by 5%	3.13	11.25
Decrease by 5%	(3.13)	(11.25)
(ii) Impact of EURO		
Increase by 5%	0.20	1.25
Decrease by 5%	(0.20)	(1.25)

Note: This is mainly attributable to the exposure of outstanding receivables in the above mentioned currencies at the end of the reporting period.

Interest Rate Risk Management:

The Company is exposed to interest rate risks as the Company borrows funds from the market based on market determined interest rates, based on need. The interest rate risk is managed by the Company in accordance with the approved risk management policy, mix and nature of the borrowings etc. in order to reduce the risk of variability of interest rates on the Company.

Credit Risk:

Credit risk refers to the risk that a customer or a counterparty will default on its contractual obligations resulting in a financial loss to the Company. The credit worthiness of the customers are assessed through a strong credit risk assessment policy of the Company. The Company's domestic sales operates primarily on a cash and carry/advance model and do not carry significant credit risk. The Company's exports carry an average credit period of normally 180 days and are normally backed by a letter of credit to cover the risk. Further, the Company periodically assesses the credit worthiness of its customers and, has a number of customers across geographies thereby minimizing the concentration risk.

The carrying amount of the financial assets recorded in these financial statements, grossed up for any allowance for losses, represents the maximum exposures to credit risk.

None of the Company's cash equivalents, including deposits with bank, are past due or impaired. Regarding the trade receivables, other loans and receivables that are neither impaired nor past due, there were no indicators as at 31 March 2022 that defaults in payment obligations will occur.

Liquidity and Interest Risk Tables :

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows. To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

Fair Value measurement:

Fair value hierarchy

Financial assets and financial liabilities measured at fair value in the statement of financial position are grouped into three Levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurements:

- * Level 1 - Quoted price in an active market.
- * Level 2 - Discounted cash flow. Future cash flows are estimated based on forward exchange rates and contract rates, discounted at a rate that reflects the credit risk of various counterparties.
- * Level 3 - Discounted cash flow method is used to capture the present value of the expected future economic benefits that will flow to the company.

Fair value of the Company's financial assets and financial liabilities that are measured at fair value on recurring basis

The actual results could be materially different in terms of future performance and outlook due to a number of risks, uncertainties and other important factors and Parry Agro is under no obligation to publicly revise any Forward Looking Statement to reflect future events or circumstances.

The Spirit of the Murugappa Group

Integrity

Responsibility

Passion

The five lights

The values, principles and beliefs that have always guided us and continue to show the way forward.

Respect

Quality

Integrity

We value professional and personal integrity above all else. We achieve our goals by being honest and straightforward with all our stakeholders. We earn trust with every action, every minute of every day.

Passion

We play to win. We have a healthy desire to stretch, to achieve personal goals and accelerate business growth. We strive constantly to improve and be energetic in everything that we do.

Quality

We take ownership of our work. We unfailingly meet high standards of quality in both what we do and the way we do it. We take pride in excellence.

Respect

We respect the dignity of every individual. We are open and transparent with each other. We inspire and enable people to achieve high standards and challenging goals. We provide everyone equal opportunities to progress and grow.

Responsibility

We are responsible corporate citizens. We believe we can help make a difference to our environment and change lives for the better. We will do this in a manner that befits our size and also reflects our humility.
